ANDRE H AUSTIN

Andre Austin Product Designs

From the age of eighteen, I knew that design was my passion. Since then, for over a decade, I have been professionally active working on my craft. Born and raised in Philadelphia, PA, with West Indies roots. After successfully finishing my design studies at East Stroudsburg University, I specialize in designing and developing user interfaces and digital products. I don't restrict myself to design. The blend of design, user experience, marketing, and business is where I feel I excel. A proper executed product design should translate into economic value for a business.

Undying Design

Hi! My name is Paige Bergen and I am a graphic designer. When I was growing up, I spent most of my time out in nature. When I wasn't climbing trees and catching frogs, I was inside conquoring the scariest movies I could find! These two passions of mine have never faded and you will find that nature is a common theme in my work. I enjoy clean and interesting compositions and I almost always add a dark twist. I plan to continue my eduction to obtain my masters in Art & Design and my teaching certification. I would love to show others the beauty of creating!

Hey, Im Tia! Cool fact #1, I like patterns. I didn't always like them but while I was obtaining my bachelors degree at East Stroudsburg University, one of my teachers really inspired me and ever since I've been creating my own patterns and looking for another shirt like this one! #2, I like to paint! Growing up, I used to want to be a painter but was terrible at it; during college, I took a painting class and learned the basics and now I love what I create no matter what it is.

SHALIYAH CONN

SHAY

I'm a creative designer from the city of Philadelphia. Growing up, I was exposed to many forms of art through graffiti to designs on billboards and took that as an incentive to create my own form of design.

I have a unique design approach and prefer for things to be eccentric and eye-catching rather than simple and strictly business appropriate. With my proficient skills in Illustrator and Photoshop, I utilize a style of art that shows me off as an artist and also meets the individual needs of my clients.

My designs are not the everyday thing you see. I have developed a design style that is specific to me and I would like to illustrate in any way available.

HAILEY M. GEORGE

Hailey George

Hello, my name is Hailey George. I am an artist who enjoys developing fine art pieces. Most of my art is largely centered around ceramic/sculpting and oil paints. However, I do dabble in the occasional pencil drawing or mix media work. I take most of my inspiration from nature and objects that create imperfect patterns. Muses like these entice my creative flow which allows me to create interesting abstract sculptures and to celebrate nature through landscape paintings.

NASSIR HANDERSON

Methotic Madness

At some point in everyone's life, it's time to decide if your childhood dreams can make it through the test of time. A world with flair and eye for pizazz. I'm here to show you what I have to offer you. Dare to explore, dare to dream, and most importantly, dare to be yourself with all the crazy colors and unorthodox styles that it entails. I'm a multimedia artist learning new skills and melding them together. I push the envelope and reference the colors, shapes, and textures from other mediums. And you have Nasir, this is my dream.

Bonjour! My name is Jamyrah D. Rhyanes and I am a graphic designer/ illustrator. I have adulation for graphic and fashion design and I am always willing to diversify my knowledge within it. Learning new styles and art cultures is a desideratum within my existence for I aspire to break the barriers of social formalities to help reconstruct popular culture for the greater good. I created the art tag MYRAH $ as a rebellion to social formalities and to show humanity that there is more to life than materialism and greed.

A FEUDAL FAIRYTALE
KAGOME IS A MODERN JAPANESE HIGH SCHOOL GIRL. NEVER THE TYPE TO BELIEVE IN MYTHS AND LEGENDS, HER WORLD VIEW DRAMATICALLY CHANGES WHEN, ONE DAY, SHE'S PULLED OUT OF HER OWN TIME AND INTO ANOTHER! THERE, IN JAPAN'S ANCIENT PAST, KAGOME DISCOVERS THAT HER DESTINY IS LINKED TO ONE LEGENDARY CREATURE--THE DOG LIKE HALF-DEMON NAMED INUYASHA! THAT SAME TWIST OF FATE ALSO TIES THEM BOTH TO THE SHIKON JEWEL, OR "JEWEL OF FOUR SOULS". BUT DEMONS BEWARE... THE SMALLEST SHARD OF THE SHIKON JEWEL CAN GIVE THE USER UNIMAGINABLE POWER.

EMILIE SEDA

emilie

Hello! I'm a mix media artist focusing on illustration and fashion. My interest in art began at a young age when I learned how to sew at the age of nine. In high school, I began creating sustainable garments out of the household items after learning the harmful effects of garment production. During that time, I started experimenting with bright, surreal illustration styles. I have continued to pursue art while working as a seamstress apprentice and majoring in Art + Design. As I grow as an artist, I wish to keep exploring both medias and how they could work together.

STARCHILD SUPERNOVA

Like a John Hammond employed at a wax museum instead of majoring in god-threatening bioengineering, Starchild took to recreating small animals such as frogs and beetles instead of creating the next Jurassic Park. His plastic abominations, otherwise affectionately named “the boys,” have been featured in Houston, Texas at the Construct 3D Art Exhibition at the Flatland Gallery in conjunction with Rice University alongside top artists such as Bathsheba Grossman. Curated by Darlene Farris-Labar and Jonathan Hils.
